Greece

I am happy to announce that I've officially joined the Mr Fill team. Together with my new colleagues, I will contribute to Mr. Fills' mission of delivering sustainable, cost-effective, and smart waste solutions. I'm very grateful to have the opportunity to work remotely from Greece, enabling me to continue volunteering while simultaneously using my passion for marketing and branding.

At Mr.Fill, I will focus on enhancing the Brand Image, strengthening the Online Presence, creating Graphic Designs, and optimizing Mr. Fill's Web Services and Online Infrastructure.

DUTCH:

Vandaag begin ik officieel bij Mr Fill! Samen met mijn nieuwe collega's ga ik bijdragen aan de missie van Mr. Fill om duurzame, kosteneffectieve en Smart Waste Solutions beschikbaar te maken voor bedrijven en overheden.

Ik ben zeer dankbaar voor de kans om vanuit Griekenland remote te kunnen werken. Hierdoor kan ik mijn vrijwilligerswerk voortzetten terwijl ik tegelijkertijd mijn passie voor marketing en branding kan benutten.

Bij Mr. Fill zal ik me richten op het verbeteren van het merkimage, het versterken van de online aanwezigheid, het creëren van grafisch ontwerpen en het optimaliseren van de website en infrastructuur.

Op naar een succesvol en vervullend 2024!

Habibi Center

1 year 10 months

International Volunteer

August 2023 - December 2024 (1 year 5 months)

Athens, Attiki, Greece

Even though my internship has ended, I'm excited to continue making a positive impact through the Habibi Center. That's why I've decided to remain a team member for at least another year. My internship was an invaluable learning experience, and staying on board is the best decision for me.

Intern and Volunteer Teacher

March 2023 - August 2023 (6 months)

Athens, Attiki, Greece

As a UVA student, I actively pursued an internship with several humanitarian organizations but needed more time to secure one. In light of this, I opted to spend my time productively by volunteering. Through several hours of online research, I came across Stephanie from the Habibi Center and was immediately drawn to their inspiring initiative. Given my interest in working with Middle Eastern refugees, this would be the perfect opportunity to serve. Consequently, I am currently employed with the Habibi Center, teaching IT Skills and English.

Better Days

Information Technology Instructor

January 2024 - June 2024 (6 months)

Athens, Attiki, Greece

In 2023, I had the privilege of teaching IT courses at the Habibi Center. Following that enriching experience, I was given an exciting opportunity to design and deliver a similar curriculum at Gekko Kids at the start of 2024. Guiding young people in mastering the fundamentals of information technology has been an immensely fulfilling journey. I have had the pleasure of witnessing their evolving capacity to engage with the broader world. This line of work is a personal source of joy and fulfillment for me.
